iPhone

How to activate internet tethering on iPhone OS 3.0?

well that is quite easy, you just need to update your carrier profile, to make easy for you, browse with your iPhone to the following URL:

- http://help.benm.at/help.php
- click on "Mobileconfigs"
- choose your country
- choose your provider
- the new profile will be downloaded and activated, once that is done, enjoy tethering!
